Re: NOTICE OF EX PARTE PRESENTATIONS
WT Docket No. 10-4

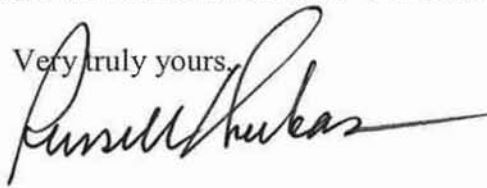

Dear Ms. Dortch:

On May 11, 2010, Joe Banos of Wilson Electronics, Inc. ("Wilson"), John Haddow of Policy Impact Communications, Matt Waldrip of Action First, and the undersigned met separately with David Goldman of Chairman Genachowski's Office and Charles Mathias of Commissioner Baker's Office. The purpose of the meetings was to discuss Wilson's proposal that the Commission adopt heightened standards for the certification of signal boosters for subscriber use on wireless telecommunications service networks.

We discussed Wilson, the capabilities of its signal boosters, and other matters addressed in Wilson's petition for rulemaking and its reply comments in WT Docket No. 10-4. We reported that there is substantial Congressional and public support for the continued use of signal boosters by subscribers to ensure reliable wireless service. We also argued that the current rules do not prohibit a subscriber in good standing from using a signal booster without licensee consent. Messrs. Goldman and Mathias were given the attached handouts.

A copy of this letter is being filed in WT Docket No. 10-4 via ECFS.

Very truly yours,

Russell D. Lukas
